GALES OF WIND AND COLD SWEEP COUNTRY

Trains Are Stopped, Towns Are Isolated and Big Fires Fanned Into Fury.

CHICAGO, Jan. 30.—The storm of sleet, snow and rain, which sped along by a high wind during the last twenty-four hours, has prostrated telegraph and telephone wires, stalled trains, wrecked buildings and isolated whole communities, struck Chicago to-night and was reported central in the vicinity of Detroit.

The first bite of the storm was felt in Chicago at noon and it continued to increase in fury as the hours passed. The wind blew forty miles an hour and the thermometer registered a drop of over twenty degrees to ten above zero. The day was one long fight by the telegraph and railroad companies to restore wires and rescue stalled trains.

No freight trains are running to-night in the storm belt in Iowa and few in Wisconsin and Minnesota. The Chicago, Milwaukee and St. Paul railroad reported practically all its wires down. On the Minnesota division, two trains are probably stuck in the storm in South Dakota.

On Degree Below Zero.

ST. PAUL, Minn., Jan. 30.—An old time blizzard raged in the Northwest to-day. Telegraph communication with the East was almost wholly destroyed.

Owing to the high wind and increasing cold which at 2 o'clock was one degree below zero, the public schools closed.

Blows a Policeman Over.

ST. LOUIS, MO., Jan. 30.—Robert MacCormick, the oldest member of the police force, was blown from the fifteen-foot high porch of his house, and probably hurt to-day. Points through Missouri reported severe storms of wind and snow.

Nearly Mile a Minute.

LITTLE ROCK, ARK., Jan. 30.—Exceptionally high winds pased over Arkansas to-day, reaching a velocity at times of fifty-six miles an hour. Many buildings in the city were unroofed. A delivery wagon was blown off the bridge over the Arkansas river.

Chickens to Roost.

AUGUSTA, Jan. 30.—Augusta did not have much of a wind storm this morning, but it had a bad fright. Shortly after 8 o'clock heavy clouds came out of the Southwest and in a few minutes it was almost as dark as night. Lights were lit in the houses, chickens went to roost, the birds sought their nests in the trees and houses were hastily shuttered. Excitable persons were greatly alarmed.

The skies took on a greenish hue and the clouds began to whirl angrily far overhead. The observer at the Weather Bureau says Augusta had a narrow escape as the windstorm, which was intense, passed over the city. At one time people in the eastern part of the city heard a roaring noise that greatly added to their alarm.

The maximum velocity recorded officially was 13 miles per hour. Later in the day the sun came out and fitful gusts blew until nightfall. No damage has been reported.

58-Mile Gale.

ATLANTA, Jan. 30.—Only twice in the weather history of Atlanta has the wind raged at a higher velocity than yesterday.

Late last night it was blowing a hurricane through the streets and making music around the tops of skyscrapers. So violent did it become early last night that several windows were broken at the Piedmont Hotel.

The temperature is dropping and wintry conditions returning. The weather forecaster has promised almost, if not quite, freezing weather before morning. No casualties have yet been reported. The Western Union has been greatly handicapped by wire troubles.

Gale Fans Fire That Burns a Home.

AMERICUS, Ga., Jan. 30.—The handsome Lee street residence of Mrs. Henry R. Johnson was practically destroyed this afternoon by fire which for an hour baffled efforts of the fire department.

The blaze originated in the roof, and fanned by a gale threatened the destruction of other buildings in the residence section of Americus. Two others were in imminent danger, but were saved by hard effort.

Furniture and some effects were removed from the Johnson residence. There was insurance of $4,500, which only partially covers the loss.

Four-Mile Wall of Fire Advances.

MOBILE, Ala., Jan. 30.—The sawmill plant of the Alabama Lumber Company, three miles north of the city, was totally destroyed by fire this afternoon, entailing a loss of $75,000 on the plant and $15,000 on lumber, with no insurance.

Fanned by a westerly gale blowing thirty-five miles an hour, there is a solid wall of fire advancing eastward across the marshes, four miles wide, endangering the homes of many truck gardeners.

BODY HORRIBLY MANGLED BY TRAIN

BLACKSHEAR, Ga., Jan. 30.—Wilbur P. Goodwin, telegraph operator at Offerman, met a tragic death at the 89-mile post near here early yesterday morning. It is supposed Goodwin attempted to board a passenger train in order to escape the clutches of the law and in some way fell under the wheels.

His body was horribly mangled and the appearance of the neck at first led to the suspicion that his throat had been cut and the body thrown on the track, but after careful investigation the coroner's jury decided that his death was due to his efforts to board a rapidly moving train.

A few days ago Goodwin went hunting, it is said, while in an intoxicated condition and for some fancied affront drew his pistol and threatened to shoot a woman of the neighborhood. A warrant was sworn out for his arrest on this account and Thursday night Sheriff Tuten went to Offerman and arrested him. The sheriff returned with his prisoner and carried him to jail. Goodwin asked the sheriff not to lock him in a cell, saying that he would give bond next morning and would give no trouble. The sheriff consented and put his prisoner to bed in his office.

During the night the sheriff's wife was aroused by a noise and called to her husband, who quickly arose and hurried to his office to find his prisoner gone. After leaving jail Goodwin evidently walked to the 89-mile post, two miles west of here, where there is a siding and water tank, and there attempted to board the train which killed him.

His watch was found in his pocket, and it had stopped at 4:43, which indicated that the train scheduled to pass that point at 4:45, killed him. His body has been embalmed by a local undertaker and will be shipped to his old home near Covington, Va.

MICANOPY NOTES.

(By J. D. Watkins.)

MICANOPY, Fla., Jan. 30.—The John H. Sparks Show Company gave two performances here Monday afternoon and at night. There was a good crowd present at each performance. They left here for Lake Butler.

Miss Nellie Reeves spent a few days recently visiting Mrs. J. W. Chamberlin of Tacoma.

Dr. Wallace and wife of Youngstown, Ohio, are stopping at the Tuscawilla Hotel for a few days.

Mrs. Sue D. Feaster invited a few of her friends to a fish fry on Tuscawilla Lake. As usual, when Mrs. Feaster is hostess, all had a good time.

Three charming young ladies are visiting Mrs. J. B. Simonton for a few days—Miss Maggie Simmons and Miss Helen Poor of Maitland, and Miss Eunice Ives of Orlando. They make a jolly party wherever they go.

Andrew Smith of Archer spent a few days here visiting home folks.

Miss Martel Smith of Wacahoota visited Miss Dora May Chitty for a few days.

Miss Abernathy of Jacksonville is visiting Miss Mabel McCredie.

Dr. L. Montgomery has returned from a professional visit to Jacksonville.

The Southern Shows are billed for Micanopy February 8th. They will be here for one week and are going to give a certain per cent of the gross receipts to the high school of this place. They have with them the Armstrong family, who have been here before. The Armstrongs always pleased their audience.

Mr. Ford, wife and daughter, Miss Lucy, are visiting Mrs. Sue Feaster for a few weeks.

Mrs. W. C. Johnson has returned home from a visit to relatives at St. Petersburg.

Mrs. J. C. Mathers and daughter, Mrs. H. H. Simpson, went to High Springs Tuesday. Mrs. M. P. Summers, daughter of Mrs. Mathers, is quite ill. We hope they found her better.

Micanopy can now supply the cabbage growers with crates. W. D. Bobbitt and the Melton Lumber Company are both sawing crates. If nothing happens there will be a big demand for crates soon, as there is a large cabbage crop this year.

The Southern Bell Telephone Company has a farmers' line running to Wacahoota connected with the exchange here.

BIBLE CONFERENCE AWAKENING INTEREST

Bishop Morrison Giving Valuable Service to the Meeting---Large Crowds Despite Weather.

Notwithstanding the fall of the temperature and the high, gusty winds, which made the conditions rather unfavorable Saturday, the exercises at the Florida Winter Bible Conference, morning, afternoon and night, were well attended, and those who were present felt well repaid for being there. It was a glorious day for the cause, and it seemed that those who had the determination to face the weather conditions felt greatly rewarded for their efforts in behalf of a more moral and refined condition from a Christian standpoint.

Mr. Guille, who is conducting the Bible study in the morning, was at his best upon this occasion, and what he had to say was received with the deepest interest. Mr. Guille is possessed of the proper spiritualistic power, and his work here has proven wonderful in the development of the Christian mind from all sources. He is a Bible scholar of the old class, and has every paragraph properly translated to the modern mind.

For the first time in the six years that the Bible Conference has been in existence the services of Rev. Samuel M. Smith, D. D., pastor of the First Presbyterian church of Columbia, S. C., have been secured. Dr Smith is one of the most gifted divines of the South, and he opened a series of three sermons in the evening. Dr. Smith proved highly interesting to the good audience who listened to him, and it is safe to say that he will be welcomed here during his series, which will end with a vote of thanks by the Christian workers of the Conference and the community.

The afternoon service was full of interest, and was largely attended, considering the adverse weather conditions. Many of the ladies left their domestic duties behind to take advantage of the opportunity to hear Bishop Morrison, of the Methodist Episcopal Church, South, who delivered a most eloquent discourse on "The Ministry of Suffering." Bishop Morrison has always been regarded as one of the most eloquent divines in the South, and his work has been greatly appreciated and highly effective wherever he has consented to preach. He is a man possessed of the highest intellect, full of spiritual power, and never fails to make an impression. His sermon at the opening of the Conference was a masterpiece, and the patrons of the Conference feel grateful that he has consented, at a great inconvenience to himself and his official duties, to return for the next two or three days. While Bishop Morrison is deep, he is at the same time interesting, and what he has to say goes down in the hearts of deep-thinking people.

The program for today will be as follows:

Preaching at 3 p. m. by Rev. Dr. S. M. Smith; preaching at 7:30 by Bishop H. C. Morrison.

A special feature of each meeting will be the song service, conducted by Messrs. Hall and Mack.

The feature of Monday evening's program will be the song service, which will be conducted under direction of Profs. Hall and Mack of Philadelphia. They are among the leaders in their profession, which is an assurance that the Bible Conference is receiving the best service in that line in the country. These gentlemen are assisted by a choir of more than half a hundred voices, composed of the best vocal talent in this section of the country.

Happily Married.

Judge J. A. Carlisle was called upon Saturday night and performed the ceremony which made Mr. Chas. Prevatt and Miss Rhoda Gatlin man and wife.

The event occurred at the bride's home and was witnessed by a large number of friends. Both have resided here for some time and have a large number of friends who wish them happiness along their married life.

Freezing Weather Looked For in This Section Today

All of Saturday the truckers of Gainesville and vicinity were busy preparing for the expected cold wave which is scheduled to arrive this morning, and many predicted that the thermometer would reach as low as 20 degrees at this place.

The cabbage that were headed were cut Saturday, also all out-door lettuce, and many of the farmers covered all their cabbage in the event the cold would prove as severe as predicted.

A terrific storm is raging in the Western States, and in some places the trains are blocked, but the fact that the cold wind is right from there assures us of some very bad weather here.

News received from Washington by the Coast Line officials was to the effect that the cold would reach as far South as the 26th paralell, which is two degrees below Tampa, and the message further stated that it would probably frost along th Gulf Coast as far South as Jupiter. All agents along their lines were instructed to notify the growers.

In talking with many of the leading growers here Saturday they all contended that the peach crop would be destroyed, besides the cabbage crop would be completely wiped out, but this is only a matter of supposition and the exact damage cannot be ascertained until after the cold has passed and the sun has time to thaw out the vegetables, which will be Monday at the earliest, as some seem to think the weather will be more severe on Sunday night.

Sea Island Cotton Firm With Hardening Tendency

SAVANNAH, Ga., Jan. 30.—The market has been firm with a hardening tendency in the high grades, the demand increasing as the week progressed. Large business has resulted, and at the close factors' tables were pretty well swept, except of the three lower grades, which were not in request. The demand was slack for everything under full extra choice, prices being easier for extra choice and below. Full choice was quoted at 15c.

The report of the Census Bureau on the ginning up to January 16 showed a total of 90,456 bales; distributed by States as follows:

Georgia	43,241
Florida	34,007
South Carolina	13,205

Sales for the week were 2,343 bales.

The following prices are based on factor's quotations and are revised weekly on Fridays:

TRIED BY JURY AND FOUND NOT GUILTY

C. C. STRICKLAND ACQUITTED OF CHARGE OF LARCENY.

Large Number of Hague Citizens Were Present to Testify in the Case Saturday.

Nearly the whole of Saturday was taken up by Judge Mason in trying the case of the State vs. C. C. Strickland, the charge being larceny, preferred by J. S. Stafford, a merchant of Hague.

Fully a dozen or more witnesses were present here in the case, but as all of the testimony was about the same, only four were examined, which occupied the attention of the court the greater part of the day.

Stafford claimed that Strickland had stole a $5 note from him, but from the evidence the jury thought otherwise and returned a verdict of "not guilty," after being out only a short while.

E. K. Fagan, A. O. Steenburg, J. H. Vidal, J. W. Alsop, H. M. Chitty and W. M. Bradford composed the jury in the case. The prominence of the parties involved drew quite a large crowd of on-lookers.

It was claimed that Mr. Strickland had picked up the money from the floor in the rear of Stafford's store some time in September, but the charge was not preferred until more than two months later.

Strickland refused all overtures for a compromise and went to trial confident of being vindicated, and the verdict shows that his confidence was not misplaced. Certainly a more representative body of men could not have been selected to try the case.

Don't Take the Risk.

When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis, or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's Cough Remedy and you are sure of prompt relief. MOTHERS' MEETING.

Mrs. W. F. Yocum's Home Scene of Interesting Meeting.

(By Mrs. Elizabeth Smith.)

The Mothers' Meeting of Friday, January 22, was not recorded, as it should have been, on account of the reporter being absent at the time, but we feel it would not be fair to let such a perfect success as the past meeting go unnoticed. This meeting was held at the home of Mrs. W. F. Yocum, and everyone was loud in its praises. It was the largest one we have yet held, and the program was pronounced fine by all who attended. Mrs. Yocum's hospitality is known by all who have the pleasure of her acquaintance, and everyone seemed to feel its influence on that afternoon. The program was in charge of Mrs. DeLand, and was one of the very best we have had.

The meeting was opened with a hymn by all present, after which Mrs. Starke gave scripture reading and offered prayer. The program was as follows:

Vocal duett—Isabelle Padgett and Bernice DeLand, which was enjoyed by all, as the young folks' music always is a source of pleasure.

Reading—"What Mothers Are Doing"—Mrs. McElvey.

The subject of this meeting was "Mother in the Home," and it is a large one. What mothers are not doing means what is to be the future of our country.

Piano solo—Eva Futch, very sweetly executed, as this little lady is well advanced in music.

Reading—"Today"—Mrs. Evans. Don't wait 'till tomorrow to do any good thing or any known duty. Do it now.

Piano solo—Isabelle Padgett. This little miss does credit to herself and teacher.

Recitation—Miss Belle Sadler.

Everyone is delighted to hear Miss Sadler, and it is a never-failing source of pleasure, the young lady being an artist in her line of work. She always receives a hearty encore.

The following topics were then enlarged upon:

1. "How may a mother make sure that her children are forming right and wise friendships?"—Mrs. T. F. Thomas.

2. "Why should amusement be a feature of parties for young people?"—Mrs. Dr. Spencer.

3. "What is the educational value of music?"—Mrs. Higdon.

4. "Why should the home be made a center of happiness for young people?"—Mrs. L. L. Sandborn.

5. "Why is it necessary to the well-being of a family that the mother have the faculty of making her children's friends comfortable and happy?"—Mrs. Webster.

6. "What influence has the social life of the home on the after life of boys and girls?"—Mrs. Floyd.

7. "Are social diversions a waste of time to the mother, or do they brighten and inspire her for her home duties?"—Mrs. J. E. Futch.

8. "Why is it that the good old-fashioned family gatherings have such pleasant and tender memories?"—Mrs. Doig.

The following lines, entitled "Nobody Knows But Mother," were also read by Mrs. Futch:

Nobody knows of the work it makes,
To keep the home together;
Nobody knows of the steps it takes,
Nobody knows—but mother.

Nobody listens to childish woes
Which kisses only smother;
Nobody pained by naughty blows,
Nobody—only mother.

Nobody knows of the sleepless care
Bestowed on baby brother;
Nobody knows of the tender prayer,
Nobody—only mother.

Nobody knows of the lessons taught
Of loving one another;
Nobody knows of the patience sought,
Nobody—only mother.

Nobody knows of the anxious fears,
Lest darlings may not weather
The storm of life in after years,
Nobody knows—but mother.

Nobody kneels at the throne above
To thank the Heavenly Father
For that sweetest gift—a mother's love;
Nobody can—but mother.

Mrs. Yocum was assisted in entertaining by Mrs. Henry Graves and Mrs. Palmer, and after the program was finished the guests were invited to the dining-room, where chocolate, coffee and fancy cakes were served, and through the medium of the

LINEN SHOWER.

Reception in Honor of Miss Jolly by Mrs. Chas. Marks.

WALDO, Fla., Jan. 30.—One of the loveliest affairs that has ever been given in Waldo was a linen shower given by Mrs. Chas. Alfred Marks at her home Thursday for Miss Ethel Jolly, who is to be married to Mr. William B. Harvard on next Thursday.

Invitations were issued to only the intimate friends of the bride-elect. In the receiving line were Mrs. Chas. Alfred Marks, Miss Ethel Jolly, Miss Ira Sisk, a guest of Mrs. Marks, and Mrs. Andrew Jolly. The bride-elect was charming in an old rose gown with embroidered net.

The linen was showered from a beautiful wedding bell and the ribbons pulled by Charles Alfred Marks, Jr., and although a baby he has proven himself an excellent entertainer.

The sitting-room was artistically decorated in palms, ferns and cut flowers, the color scheme in the dining-room being green and yellow of yellow jassimine and ferns. Dainty and delicious refreshments were served by Misses Emma Entenza and Ethel Boring. Many lovely pieces of linen were received, showing how much Miss Jolly is loved and admired in Waldo.

The late terrible earthquake in Sicily, destroying the face of the country and sending thousands to an untimely death, will soon be seen in moving pictures and in due course these will reach Gainesville to be seen at the Electric Theatre. The pictures now being exhibited are the latest products of the manufacturers and every subject is a new one, interesting to all.

Owing to installing more comfortable seats and the carrying away of the chairs formerly used, an idea crept into the minds of some that the Electric Theatre was going to close. To dispel this, the management desires it stated that this popular place of amusement will continue and improve, if possible, with each week.

HIGH SCHOOL NOTES

The average daily attendance of the Gainesville Graded and High School for the month just closed was nearly four hundred and nineteen. This average is about ninety per cent of the enrollment, notwithstanding the fact that twenty or more of those enrolled are not in attendance.

Two hundred and forty-three pupils were neither absent nor tardy during the month. A much larger number never missed a recitation.

Those taking the standard magazines, such as The Review of Reviews, Forum, Century, Outlook, Scientific American, and so forth, will confer a favor on the school by donating their copies to the school library. The school can use them to good advantage in the preparation of essays, debates and so forth.

Do not forget to vote for the school in the piano contests. The school needs at least two more pianos. Help to place the pianos where they will do most good.

Send twenty-five cents, fifty cents, a dollar or more to help purchase that excellent and much needed set of reference works. We lack twenty dollars and thirty-cents to have enough.

BAND AGAIN IN THE LEAD.

Miss Dorian Ellis is Proving a Good Candidate for Organization.

That the Gainesville Band boys were wise in selecting Miss Dorian Ellis as their candidate to represent them in the Burkhim piano contest is shown by the way in which she works to keep them in the lead. She has polled a handsome vote the past week and places that organization again in the lead for the piano.

We desire that you cast your votes. Each of the tickets we give out is dated, and unless they are voted within the proper time they are thrown out, so don't be among the losers in this way.

SANITARIUM NOTES

The extensive improvements which the present management expect to effect in the Sanitarium are now under way and will be continued through the coming summer. The repairs and improvements will be carried out in such a way, if possible, so as not to interfere with the regular work of the Sanitarium. Workmen are now on the building thoroughly overhauling and repainting it.

It has been noted with much regret that the street committee of the city council has stopped the street work which had been begun in the vicinity of the Sanitarium. It is hoped that this work will be resumed soon.

Mr. and Mrs. C. F. Sodan of Louisville, Ky., who have a sick daughter at the Sanitarium, have been frequent visitors during the past week.

S. H. McKinnon, the well-known turpentine operator of Bronson, remains at the Sanitarium with an attack of continued fever.

H. E. Lewis, who is suffering with fever, is not yet convalescent, and his attending physician thinks it will be a week or two longer before he will be able to leave the Sanitarium.

J. G. Beville of Arredondo, well-known in Gainesville, is being treated this week at the Sanitarium.

J. S. Davidson of Port Inglis has recovered and left for his home Saturday.

AUCTION SALE OF LOTS.

Worthington Springs Building Lots Now Being Offered.

By reference to the advertisement which appears elsewhere in today's Sun it will be seen that the Southern Realty and Auction Co. will place several desirable building lots at auction on next Wednesday.

NEWS OF CITY AND COUNTY CONDENSED

Mrs. C. A. Marks and Miss Ina Sisk, who is visiting her, were among the shoppers visiting the city yesterday.

Mrs. J. A. Goodwin left yesterday for Newport News, where she will spend some time visiting her mother, Mrs. Arthur Carnell.

W. H. Carter, formerly of this city but who is now living at High Springs, was greeting his numerous friends in the city yesterday. He was formerly connected with the G. & G.

Prof. D. L. Guy of the LaCrosse school was a visitor to this city yesterday. He is originally from South Carolina, but is well pleased with what he has seen of this State.

A. B. McClenny of Cadillac was a visitor to the city yesterday. He was very much afraid of the threatening cold weather and returned to that place to look after his extensive peach orchard interests.

Dr. W. F. Yocum left yesterday for his orange grove in Polk county and will remain there until after the threatened cold wave passes. He is prepared to start fires in his grove should the condition warrant.

Mrs. H. A. Fisher has returned from Boswell, Ind., where she was called on account of the death of her father, Mr. Chas. Fix, aged 89 years. Mrs. Fisher's many friends deeply sympathize with her in the loss of her dear parent.

L. N. Hansell, one of the efficient dispatchers in the Coast Line offices in this city, returned home yesterday from a visit of a couple of weeks to relatives in Dothan, Ala. His wife who accompanied him, will return at a later date.

Wilson's "little store with the big stack" announces another big week of the removal sale which they are conducting before making the move to their new quarters. They are making especially low prices and parties would do well to anticipate their needs and secure some rare bargains from the sale which is now going on.

Attention is directed to the formal announcement of Ben. T. Arnow, candidate for re-election to the important position of city marshal for the coming year. Mr. Arnow has served the city faithfully and efficiently in this capacity for the past year, and it may be truthfully said that no officer has ever made a better record. Mr. Arnow asks the support of the people for another term.

For Marshal.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,
BEN T. ARNOW.

For City Marshal.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.

Fever Sores.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by all druggists.

ACCIDENTAL KILLING AT HIGH SPRINGS

OVER A GAME OF MARBLES BETWEEN NEGRO BOYS.

Will McCaslin Threw Iron Bolt at Cleve Edwards, Striking Him Back of Ear, With Fatal Result.

(By Mrs. I. Ware.)

HIGH SPRINGS, Jan. 30.—An accidental killing occurred at the shops Thursday under the following circumstances: Two negro boys, 17 or 18 years of age, named Will McCaslin and Cleve Edmonds, got into a quarrel over a game of marbles and came to blows. Will McCaslin stepped back, picked up a small iron bolt, and threw it at Cleve with no intention of killing him, but it struck a vital spot behind the ear, breaking his neck and killing him instantly. The murderer ran off in a panic of fright and has not been apprehended as yet.

R. B. Bush has concluded all arrangements for moving, and left Friday for Atlanta, where he will locate. He sold his grocery business to Mrs. Hammock, the widowed daughter of Rev. G. E. Thompson, and his home to Mrs. Daisy Dow. Mr. Bush came to High Springs from Atlanta several years ago and married Miss Ione Dupuis, daughter of Judge Dupuis, of this county. They have lived here ever since and have many friends who deeply regret their departure.

W. P. Maples, who bought out the Summers livery stable recently, has moved his family to this place. His wife is a sister of S. B. Phifer and visited High Springs while a young lady. They will be welcomed by church and social circles.

M. Butler, son-in-law of the late J. S. Irvin, who was a resident of High Springs, has moved to this place from Lake City. He and his family will be a pleasant acquisition to this community.

Mrs. Modes Mathers and daughter, Mrs. H. H. Simpson of Micanopy, are visiting Mrs. M. P. Summers. Her many friends will be glad to know that Mrs. Summers is recovering from her long spell of illness.

P. P. Wood of Tampa is in town this week visiting his family.

Typhoid fever has made its dreaded appearance in town again, and has already claimed one victim, little Johnnie LeCount. His sister, Helen, is suffering with it in Waycross, where she went to attend the burial of her brother. Lester Barnes, the small son of Mr. and Mrs. Barnes, ticket agent for the A. C. L., is also suffering from this fever, and Cora, the little daughter of Mr. and Mrs. C. C. Harwell, is critically ill with it.

Dr. Tanner, who moved to Savannah from High Springs last year, has returned and says that the opportunities for making money are better here than in Georgia.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

DON'T FIGHT THE WEATHER.

Try the Plan of Being on Friendly Terms With It.

What a great misfortune this is, the habit of considering the weather—of thinking that we must consider the weather! It is largely due, is it not, to clothes? No mention is made of rain in the garden of Eden, but we must not therefore contend that rain was disagreeable and omitted. We must recollect that Adam and Eve did not need to consider rain. Furthermore, in blessed ignorance they did not know that it was anything to be considered.

To mind the rain no more than the May sunshine, but to plunge into it and let the drops pelt as they will, to accept snow without a thought of discomfort, but, rather, to enjoy the thronging presence of it; to pursue one's daily stint regardless of whether the sky be dun or blue—this is a state which we, especially of the cities, long, long have lost.

We regain it, some of us, in the wilderness camp, where we hunt or fish if the day be dark or if the day be bright, and where we find that the dash of the soft rain on one's face is not death, after all; that wetness and dryness are merely relative terms.

All the centuries of fussing and fuming with the weather have not affected the weather one particle. It still rains and snows and sleets and blows, just as dictated by circumstances. Therefore, what's the use? Are your puny diatribes or mine of any greater potency than those of others gone before? Evidently not. Accordingly try the plan of being friendly with the weather, of agreeing with it instead of fighting it, and, 'pon my word, presently it will be agreeing with you.—E. L. Sabin in Lippincott's.

Scientific Spanking

Consists in punishment only when a child is actually bad. Some mothers think that all crying is badness—it's not. When your baby cries, look for pins or some external cause; if you can't find them give the baby White's Cream Vermifuge, as the chances are it is suffering from worms which keep it hungry and cross all the time. Pleasant to take—sure in its action. Price 25 cents. Sold by W. M. Johnson.

Unkind.

"My dear," exclaimed a young bride, "my husband writes so beautifully! You really ought to see some of his love letters!" "Yes, dear, I know," was the unkind retort. "I have a drawer full of them at home!"—Manchester Guardian.

Many little lives have been saved by Foley's Honey and Tar for coughs colds, croup and whooping cough. It is the only safe remedy for infants and children as it contains no opiates or other narcotic drugs, and children like Foley's Honey and Tar. Careful mothers keep a bottle in the house. Refuse substitutes. J. W. McCollum & Co.

Music.

All music is more or less dramatic, and so the march of music is toward the theater. The times of mere enjoyment of tone combinations are past.—Herr Nikisch.

S.S.S. THE REMEDY FOR SORES AND ULCERS

The combination of healthful vegetable ingredients of which S. S. S. is composed, makes it an especially desirable and effective remedy in the treatment of sores and ulcers of every kind. Since an impure condition of the blood is responsible for the trouble, a medicine that can purify the blood is the only hope of a successful cure; and it should be a medicine that not only cleanses the circulation, but one that at the same time restores the blood to its normal, rich, nutritive condition. S. S. S. is just such a remedy. It is made entirely of healing, cleansing vegetable properties, extracted from nature's roots, herbs and barks of the forest and fields. It has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity in the blood. When S. S. S. has purified the circulation, and strengthened and enriched it, sores and ulcers heal readily and surely, because they are no longer fed and kept open by a continual discharge into them of irritating disease-laden matter from the blood. S. S. S. brings about a healthy condition of the flesh by supplying it with rich, nourishing blood and makes a permanent and lasting cure. TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

Governor Gilchrist has relieved a worried public of the Cooper case.

"Get a move on" if you want to win that bonus of fifty thousand votes in the piano contest for the greatest number of subscribers to The Sun by the first of March.

The annual convention of the Florida State Sunday School Association will be held at Tampa on March 23, 24 and 25. Sunday schools throughout the State are urged to participate in the convention.

The absorbing question in Florida politics just now is "Who will be President of the Senate and Speaker of the House." For definite answer you are respectfully referred to either of the candidates for these positions. The Sun can only reply that it looks like Humphries and Carter.

Latest information from Washington is to the effect that Senator Taliaferro's pure turpentine bill has no chance of being passed at this session of Congress. The Florida naval stores men who ship their product to Savannah factors are bitterly opposed to the measure and they are making their influence felt at Washington.

The people of Alachua county should make preparations to give a county fair in Gainesville early next fall which will show to the world the products of the best county in the State. The exhibit of Marion county a few weeks ago was especially good, but the farmers and stock raisers of Alachua county can surpass it if they will but make the effort. Now is the time to begin preparations for the fair next fall.

The Florida prohibitionists need not count upon getting a law enacted by the next Legislature similar to that recently passed in Tennessee. Governor Gilchrist was elected upon a local option, or home rule platform, and should the Legislature pass such a bill he would certainly veto the measure. Unlike Tennessee it requires a two-thirds vote to pass a law over the Governor's veto in Florida, and there are several members of the Legislature who will vote for an amendment to the constitution submitting the question to the people who will not support such a radical measure as the new Tennessee law.

"Mr. Bryan's pet doctrine of the guarantee of bank deposits," says The Live Oak Democrat, "will undoubtedly find advocates in the next session of the Florida Legislature and an effort will be made to enact the doctrine into law in this State. But we venture the prediction that the effort will fail. Oklahoma is the only State thus far to adopt the guarantee plan, and there it was incorporated into the constitution when everything was in the formative stage and there was either law nor custom to create precedent or discourage experiment. The success of the plan has not yet been sufficiently demonstrated: it is still in the experimental stage, and until it passes out of this and shows that it does really protect depositors in seasons of stress and storm it is not probable that an old and conservative State like Florida will venture upon such a drastic change."

CALIFORNIA AND THE UNION.

When the thirteen original States federated, says The Wall Street Journal, Europe was a great deal farther off than it is now and China was an interesting but remote reminiscence of the captains of American built tea ships, with fabulous stories of their run from China to the New England ports. The possibility of one particular State involving all the rest in outside trouble does not seem to have been considered by the statesmen of the Revolution. The Canadian border was almost trackless forest. The Rocky Mountains were a vague geographical expression, while border States bordered on nothing presenting elements of danger.

The steamship has changed all that, and while the United States grew larger the world grew smaller. When California emerged from the mists of Spanish history we were already within ten days of European civilization. Our Canadian neighbors had to be thoughtfully considered. Texas had come into the Union but a few years before, and the Mexican border was in a state of continued unrest. Yet with all of these possibilities it never seems to have occurred to our statesmen, in the course of territorial expansion, to restrict the power of the constituent States of the Union in their relations with the outer world.

The Japanese agitation in California has never possessed any more respectability than the President gave it when he consented to negotiate with Mayor Schmitz of San Francisco, at that time under indictment for various offenses. Opinions may differ about the dignity of his course on that occasion. He has always had a tendency to play politics and make bargains, probably arising out of a sincere desire to get something done along the line of least resistance. However the situation may have been, it has at least given a noisy and ill-controlled element in California an exaggerated idea of its own importance.

When we complain that the outsider does not understand our institutions we ought to remember that the argument cuts both ways. It was all very well for us to explain to Italy that the peculiar character of our constitution made it impossible to interfere in the State of Louisiana over the Italian lynchings in New Orleans. How long would we have tolerated that excuse from a power much smaller than ourselves? We rejected it on one occasion when proffered by the Mikado of Japan, who professed to be unable to control certain feudatories of his. We sent a naval expedition and immediately convinced the particular daimio that his independence of the Mikado did not warrant an aggressive policy toward outsiders.

As we stand at present any seaboard or border State can plunge us into serious outside trouble, and we have no direct constitutional method of dealing with the case. The President has to go hat in hand to the sandlots element of San Francisco, to the derogation of his office and the exasperation of the rest of the United States. Japan is in no position to make military demonstrations now, nor is she at all likely to be for ten years to come; but this does not alter the anomalous condition now obtaining. A good many of us look with suspicion on the extension of the Federal power, but in this respect there seems room for constitutional amendment.

CURRENT COMMENT.

The Philadelphia Record says: "An interesting and important decision has recently been made by the New York Court of Appeals involving the right of the public to the free and unimpeded use of the ocean beach reached by the ebb and flow of the tides. The right to walk along the beach cannot be legally impaired by the erection of artificial barriers. The court held that any pier or superstructure which prevented free access to the beach may be removed upon complaint to the proper authority. Bathing, boating, fishing and promenading must be free to all. This decision rests upon the theory that the freedom of the sea asserts itself as far as the sea encroaches upon the land."

The Norfolk Virginian Pilot says: "Senator Heyburn of Idaho says the postal savings bank proposition is simply a plan to take from the poor to lend to the rich, through the instrumentality of the national banks. We should hardly put it that strong; but, obviously, the result of the adoption of the plan would be to divert the surplus capital of the country from the outlying districts and concentrate it in the big money centers, and so to deprive the several communities of the use of a needful supply of the money which each had accumulated by its own industry and thrift. This of itself ought to be sufficient to condemn the plan, for it goes without saying that the concentration of capital is against all agencies and prosperity."

The Washington Post says: "The fact that the trade between the United States and Cuba is greater than the island's trade with any other three nations does not change the situation. For every dollar Cuba sends us in trade we pay two dollars for Cuban tobacco, fruit and sugar. And Cuba, with stable government, will grow rich from this great market we furnish her. But it will not Americanize the island, because her business men are Spaniards, and they more than ever before are controlling the commercial destinies of the island. The time may come when the rich opportunities offered by Cuba will draw the necessary deluge of American capital and immigration to swamp the Spaniard in his island stronghold, but until that time arrives Spain will be dominant in the island from which she was driven in the war of liberation. The Americanization of Cuba, apparently, is in the far distant future."

CONFEDERATE FLAGS.

The Stars and Bars and Then the Red Battleflag.

The first Confederate flag was the stars and bars, a blue field and three stripes, one white and two red, and on the blue field seven white stars in a circle, a star for each state that up to that time had seceded. In battle, however, it was seen that this banner bore altogether too close a resemblance to the stars and stripes, and thus there came into use the Confederate battleflag, the origin of which seems to have been as follows:

This is the statement of General William L. Cabell: "When the Confederate army commanded by General Beauregard and the Federal army confronted each other at Manassas, it was seen that the Confederate flag and the stars and stripes looked at a distance so much alike that it was hard to distinguish one from the other. General Beauregard, thinking that serious mistakes might be made in recognizing our troops, after the battle of July 18, at Blackburn Ford, ordered that a small badge should be worn on the left shoulder by our troops and, as I was chief quartermaster, ordered me to purchase a large amount of red flannel and to distribute it to each regiment."

This Confederate battleflag was adopted in September, 1861, and was designed by Generals Johnston and Beauregard. Red was its color, with a blue St. Andrew's cross reaching from corner to corner and white stars on the cross representing the different southern states. The women of the south made these flags by hundreds out of their red and blue silk dresses. Miss Constance Cary, who afterward became Mrs. Burton Harrison, the well known novelist, was one of the three southern girls who made the first three battleflags.—Magazine of American History.

The Rice God.

In the Malay peninsula, after a general propitiatory service has been held as an "apology" to the rice for cutting it, the "rice soul" is diligently sought. First the spot where the best rice grows is selected; then seven stems are chosen, each having seven joints. Within this sacred bundle resides the soul of the whole precious field, and, dressed in swaddling clothes like a live infant, it is borne home in a basket and tenderly, reverently, placed on a new sleeping mat.

After the rice harvest in Ceylon the priests take a little old god called Mareli down to the river. A hole is dug where the water is shallow, and into this is crammed a bag of dry rice, with the god placed on top. The saturated rice expands, forcing the image upward, so that in about fifteen days it comes to the surface and is welcomed as a new god with acclamations of great joy.

Both in China and Japan are held special festivals of thanksgiving and offering up of first fruits.—Los Angeles Times.

Luck in Golf.

Luck, as will readily be understood, is a factor that enters very largely into golf. Perhaps the most notable case on record is that of Jamie Anderson when competing for the championship at Prestwick in 1878. He had just teed his ball for the seventeenth drive when a little girl standing among the spectators remarked that he had unconsciously placed it just in front of the proper line. Although nobody else had noticed the fact, this proved on examination by the referee to be correct. Thereupon Anderson teed his ball again in a fresh position well behind the line and made a drive which landed him in the hole and eventually enabled him to win the match. If, however, he had played it from the original spot he would have been penalized a stroke and have lost the championship. Clearly, then, luck on the links is something to be taken into consideration whatever nonbelievers may say to the contrary.—Bailey's Magazine.

The Pure Food Law.

Secretary Wilson says: "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit-forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by all druggists.

The Man in the Moon.

The dark markings so conspicuous on the moon and known as the "man in the moon" are great plains, lying at a much lower level than the brighter parts. In all probability they are old sea bottoms, some of them having undergone upheavals and other changes since the water retreated from them, others presenting the appearance of being unchanged since the time when the waters dried up or were in some other way removed from them.

Stomach Trouble Cured.

If you have any trouble with your stomach you should take Chamberlain's Stomach and Liver Tablets. Mr. J. P. Klote of Edina, Mo., says: "I have used a great many different medicines for stomach trouble, but find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used." For sale by all druggists.

London in White.

After a few visits to the White City one feels rather desirous of whitewashing the whole of London. Why not? White is an admirable background for color. Our blue sky becomes bluer and our gray sky looks more beautiful behind it, while a golden sky makes white buildings delightful. If we could only make the whole city white, to begin with, and then gradually and sparingly color, what a beautiful city London would be!—British Architect.

Time in Turkey.

The Hours Are Always Changing and Holidays Are Numerous.

In addition to laziness in Turkey there is inaccuracy. The Turkish official is naturally inaccurate, and habit and conceit make him more so. This inaccuracy is due to the way in which Turkey measures time. Twelve o'clock is the day corresponds with sunset—that is to say, whatever hour the sun sets, it must always be 12. Consequently the hours change always, getting later the first half of the year and earlier in the last, which compels everybody to put his watch to daily torture. So no one in Turkey can flatter himself that he has the exact time. The most strict of Englishmen soon loses his national punctuality, so when the Turks make an appointment it is within the limit of half an hour or an hour, and even then they don't generally arrive till after the time agreed on, each one calculating on the utmost possible delay on the part of the other. Consequently the state employees are all bound down by very severe discipline. No one expects them to arrive at their office at any particular time, especially as the majority of them go there at all. As for the most industrious, they appear for two or three hours in the afternoon only, and rather late. In the morning state offices are usually closed. Besides this workdays are rather scarce for the race of officials. Friday is the Sabbath of the Mohammedans. Saturday is the day after a feast day, and one does not do much then. Sunday the Greeks and Armenians remain, like good Christians, at home, and the Mohammedans generally imitate so good an example. Monday is again the morrow of a feast day. Wednesday there is a meeting of the council of ministers, and few employees go then to the ministry. With religious festivals added in, it is easy to understand that out of the 365 days of the year there are not many left to consecrate to the interests of the Ottoman empire.—Nicholas C. Adossides in American Magazine.

Lame Shoulder.

This is a common form of muscular rheumatism. No internal treatment is needed. Apply Chamberlain's Liniment freely twice a day and a quick cure is certain. This liniment has proven especially valuable for muscular and chronic rheumatism, and is sure to give quick relief. Chamberlain's Liniment is also most excellent for sprains and bruises. Price, 25 cents; large size 50 cents. For sale by all druggists.

Keeping Up to Date.

"Yes," said the housewife, "yours is a sad story. But it isn't the same story you told last year."

"Well, lady," answered Plodding Pete, "you surely wouldn't expect a man to go all dat time an' not show any improvement?"—Washington Star.

Accents.

In the midst of a rambling speech the political orator declared. "The situation is grave; the crisis is acute."

"And the gentleman's speech," added the newspaper reporter, "was circumflex."—Youth's Companion.

DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in this vicinity.

Can Gainesville residents demand further proof than that contained in the following testimonial?

Oscar Osterman, of Starke, Fla., says: "I give Doan's Kidney Pills my highest recommendation as they proved of more benefit to me than any other remedy I had previously used. I suffered from kidney trouble for some time. The kidney secretions were too frequent in passage and I was forced to arise from six to eight times during the night. I also had backache and was bothered by a pain through my loins. I finally procured Doan's Kidney Pills and they soon helped me. By the time I had taken the contents of two boxes, the backaches and pains entirely disappeared and the passages of the kidney secretions soon became regular. I now feel fifty per cent better than before in a long time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

HER PHYSICIAN ADVISED

Taking Lydia E. Pinkham's Vegetable Compound

Columbus, Ohio.—"I have taken Lydia E. Pinkham's Vegetable Compound during change of life. My doctor told me it was good, and since taking it I feel so much better that I can do all my work again. I think Lydia E. Pinkham's Vegetable Compound a fine remedy for all woman's troubles, and I never forget to tell my friends what it has done for me."—Mrs. E. Hanson, 304 East Long St., Columbus, Ohio.

Another Woman Helped.

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. Charles Barclay, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E Pinkham's Vegetable Compound.

Power of Habit Strong.

"The habit of looking under the bed for burglars," the young woman said, "is something that folks laugh at, but I have never been able to get myself out of it. I never feel perfectly comfortable unless I look, no matter where I happen to be. To my mind there isn't any place except a safe deposit vault burglars are unlikely to be. In fact, the habit is so strongly ingrained in me that one night when I was staying in a small country hotel, where there was nothing but a folding bed in the room, I took it down and then looked under it before I got into bed. That's a fact. I laughed at myself the minute after."—Detroit Free Press.

The Meanest Man in Town

Is the one who always wears a frown, is cross and disagreeable, and is short and sharp in his answers. Nine cases out of ten it's not the poor fellow's fault, it's his liver and digestion that make him feel so miserable—he can't help being disagreeable. Are you in danger of getting into that condition? Then start at once taking Ballard's Herbine for your liver—the safe, sure and reliable vegetable regulator. Sold by W. M. Johnson.

Siam's Weights and Measures.

In Siam the liquid measure used is derived from a cocoanut shell which is capable of holding 830 tamarind seeds, and twenty of these units equal the capacity of a wooden bucket. In dry measure 830 tamarind seeds make one "k'anahn," and twenty-five "k'anahn" make one "sat," or bamboo basket; eighty "sat" make one "kwien," or cart. This is an example of the primitive origin of most units of weight and measures.

Simple Remedy for La Grippe.

THE CABIN BOY.

He Has Become Practically a Thing of the Past.

An old sea captain who brought his ship into port recently after a long voyage from the east was talking about the changed conditions in the merchant marine since he entered it fifty years ago.

"I was thinking particularly," he said, "of how the cabin boy has completely disappeared, or at least how extremely rare he is now. I went to sea when I was twelve years old and got my full share of the many duties and few pleasures that belonged to the job I took. I waited on the officers, or the passengers if we had any, helped the steward in the pantry and even had to assist 'cookie' despite the chronic kicking I put up over that imposition. Besides all those things, of course, the crew made me run errands for them, and everybody in general seemed to regard 'the boy' as the scapegoat for anything that went wrong. All new cabin boys were unmercifully laughed at if they were either homesick or seasick, and there were various practical jokes which had to be tried on them by the seamen. I remember well how I was told the first day I came aboard never to throw anything to windward except hot water and ashes and how I was green enough to follow these orders implicitly. The sight of my red and streaming eyes set the crew into roars of laughter.

"Those times are gone. There's no place at sea for any one but an able-bodied man now. Even the 'mess boys,' so called on the liners and in the navy, are all men. The modern changes in the build of vessels have left no work fit for a boy, and I don't believe you could find one now unless on some very small craft."—Philadelphia Ledger.

There is no case on record of a cough, cold or la grippe developing into pneumonia after Foley's Honey and Tar has been taken, as it cures the most obstinate deep-seated coughs and colds. Why take anything else? J. W. McCollum & Co.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments

I am a woman.
I know woman's sufferings.
I have found the cure.
I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or Whitish discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths; also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you should wish to continue, it will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures girl or old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in Young Ladies. Plumpness and health always results from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write today, as you may not see this offer again. Address

His Mother-in-law Won.

By one of those queer marriage settlements sometimes made in England a young man agreed to pay his wife's mother $100 on the first day of each year. He settled in Canada, and when he came to make the remittance he deducted the amount of the postage and sent her only $99.84. The mother-in-law insisted that she must have the other 16 cents, and after they had quarreled by mail about it for a month or two she had her attorneys bring suit against him in the Ontario courts. She made him pay, too, and stuck him for the cost of the action, though she was obliged to fee her own lawyers. The total expenses of this sixteen cent lawsuit were said to be exactly $612, most of which fell upon the economical son-in-law.

A WARNING

I have learned that certain persons are representing themselves as my agents, and taking orders for large pictures, claiming I will finish them. In some cases the pictures given them have been lost—pictures of dear ones which cannot be replaced. I have no agents, never did, and never will. I deal directly with my patrons for all work. I cannot afford to pay an agent out of the prices I charge for the high-grade work I do. Bring your enlarging to me and you are not only insured against loss of the original, but will have a guarantee of a faithful likeness and an artistic finish.
